MI Technical Solutions Supports Coastal Virginia Walk to End Alzheimer's

Chesapeake VA, October 24, 2026 - MI Technical Solutions (MITS) proudly participated in the 2026 Coastal Virginia Walk to End Alzheimer's at Chesapeake City Park. The MITS Team had 16 members join the walk to raise awareness and show support for individuals and families affected by Alzheimer's and other dementias.

The MITS Team raised a total of $13,835 through its fundraising campaign and currently ranks third among the fundraising teams for the Coastal Virginia Walk to End Alzheimer's. This standing reflects the generosity of employees and supporters and the collective effort behind the team's campaign. In the weeks leading up to the walk, the MITS Team organized four fundraisers: a bowling tournament, a bake sale, a Pie Your Manager event, and a silent auction. Each initiative offered a different way to get involved, bringing colleagues together around a shared goal while generating support for the Alzheimer's Association. The fundraising campaign was made possible by contributions of time, resources, and donations from employees and supporters. MITS extends its appreciation to the organizers, volunteers, donors, and everyone who participated in the activities and helped the team reach its fundraising total!

Community involvement remains an important part of MITS culture. Through the 2026 Coastal Virginia Walk to End Alzheimer's and its employee-led fundraisers, MITS is proud to stand with those affected by the disease and demonstrate its continuing commitment to service, teamwork, and making a meaningful difference.
